

PROTECTING WHAT MATTERS MOST

Delivering aerial services with precision, safety, and unmatched reliability in high-pressure environments for government agencies since 1952.

WHO WE ARE

Forest Protection Limited (FPL) delivers trusted wildfire response support for government agencies across Canada.

With over 60 years of experience in aerial wildfire operations, we provide a complete turnkey aviation package, including aircraft, pilots, logistics, and mission coordination.

TRUSTED EXPERTISE

Equipped for a wide range of wildfire scenarios, including initial attack, sustained suppression, air attack supervision, and tactical coordination.

OPERATIONAL EXCELLENCE

FPL delivers wildfire suppression with dependable initial response time. Expert crews, every mission. Transport Canada-certified operations—trusted by government agencies nationwide.

PROVEN PARTNERSHIPS

Our history includes interprovincial support, mutual aid deployments, and integration into major provincial wildfire strategies.
